

Betterbot + your leasing system

The AI answers prospects with **live availability and pricing**. It sends every lead and tour straight into your system, so your team picks up exactly where the AI left off.

RealPage OneSite, ILM and Lead2Lease

- ✓ Live availability and pricing in every answer
- ✓ Leads and tours created directly in RealPage

MRI

- ✓ Live availability for prospects
- ✓ Each guest card usually arrives with the conversation attached, so your team knows the context before they call

Yardi RentCafe

- ✓ Live availability, pricing and photos
- ✓ Leads captured and tours booked in RentCafe

WelcomeHome senior living

- ✓ Inquiries and tours go directly into WelcomeHome
- ✓ The AI handles the first conversation with families and prospective residents, then hands it to your team

What you get on every platform

Fast, accurate answers at any hour. Leads land in your system automatically, and **nothing gets typed in twice**.

These integrations cover leasing. Resident balance reminders are available with our full PMS integrations: **Yardi Voyager, Entrata, AppFolio and Rent Manager**.
